EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

Please renumber claims 17-38 as claims 15-36 respectively. Claims were misnumbered since there were no claim numbers 15 and 16.

2. The following is an examiner's statement of reasons for allowance: The invention as claimed is not disclosed or rendered obvious in view of the prior art of record. The prior art of record (patents to Thorne et al. and Gaechter et al. are the closest prior art) fails to teach or suggest, alone or in combination, the expandable dialing controller as recited in independent claim 1 and the expandable multi-line dialing system and method as recited in respective independent claims 17 and 37 (original claim numbers).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
